HOW TO SELECT THE RIGHT SHEPHERD CASTER

1 Consider the Load Rating

First, figure out the load rating per caster you will require to safely move the desired object. Keep in mind, the larger the total load is, the larger the wheel will be. You can carry heavier loads with smaller wheels, if you utilize several casters.

EX. Load + Weight of cart-truck / number of casters = lbs per caster

2 Consider the Caster Type

- **Swivel Casters:** Swivel 360 degrees, which allows for easy movement of the load in any direction.
- **Rigid Casters:** Do not swivel. They are mounted in a way that allows them to go forwards and backwards only.
- **Swivel Casters with Brake:** Same as swivel but also feature a brake that when activated, will not allow the wheel to roll.

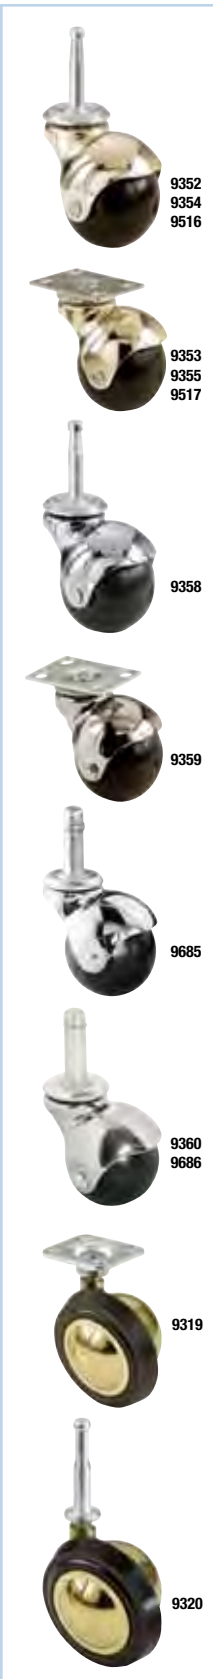

3 Consider the Wheel Type

- Make sure the wheel selected is large enough to pass over cracks in the floor and other obstructions.
- If the casters are to be used on very rough surface, a larger wheel size is recommended.
- Rubber wheels offer good floor protection, noise reduction and have a cushion effect on load.

SOFT RUBBER

SAFE WITH	ACID	NO	FLOORING SURFACE	CARPETS	YES
	HEAT	NO		CERAMICS	YES
	OIL	NO		CONCRETE	YES
	WATER	NO		WOOD	YES

Elastic Blue Rubber is a super elastic rubber wheel that instantly regains its original form when a force is applied to the caster. As friction is considerably reduced, initial starting thrust required by user is brought to a minimum. The softness of this wheel will allow for easier rolling over obstacles, excellent rolling quality and important noise reduction. Non-marking, its fantastic abrasion resistance will increase its durability compared to standard rubber wheel.

What are Total Lock Brakes?
Brakes that lock wheel and swivel simultaneously.

Semi Elastic Rubber wheel is primarily used in environments where noise reduction, durability and a superior rolling quality are required.

HARD RUBBER

SAFE WITH	ACID	NO	FLOORING SURFACE	CARPETS	YES
	HEAT	YES		CERAMICS	YES
	OIL	YES		CONCRETE	YES
	WATER	NO		WOOD	YES

Hard rubber wheels are impervious to oils, greases and gasoline while combining many desirable characteristics: high load ratings, good mobility, high impact resistance, as well as excellent floor protection. Unlike other wheels, it does not develop flat spots under standing loads.

MOLD-ON RUBBER •Series 1400•

What is the 1400 series?

The difference between our general duty casters and the 1400 series mainly lies with the sturdier construction type. The top plate is made with 1/4" (6mm) cold forged steel. It allows for heavier load capacity. The wheel bearings are straight roller 3/4" (19mm) with spanner bushing.

Mold-on Rubber casters have a cushioned rubber tread bonded to cast iron core. These wheels absorb shock and vibration and are quiet during use. Ideal for most general medium-heavy duty industrial applications such as platform trucks, wire shelving, and other warehouse trucks and carts intended for commercial use.

POLYAMIDE

SAFE WITH	ACID	NO	FLOORING SURFACE	CARPETS	YES
	HEAT	NO		CERAMICS	YES
	OIL	NO		CONCRETE	YES
	WATER	NO		WOOD	YES

Polyamide wheels combine the advantages of a hard polyamide band on top with a softer elastic rubber circle that acts as a shock absorber, reducing significantly damages to casters and assuring softer rolling quality. The hard polyamide band top maintains wheel maneuverability to the fullest even under heavy loads. This brings unbeatable quality with minimal starting thrust, greater ease in handling, important noise reduction, easier rolling over obstacles, improved durability and non-marking.

REPLACEMENT WHEELS

Flat Free Tires Never Require Maintenance

- Provides an air like ride, but can withstand all the common objects that typically cause flats.
- Eliminates ALL downtime related to flat tires.
- Lasts 4 to 10 times longer than standard air filled tires.

How to Measure Tires

DOLLIES & TRUCKS

Movers Dolly. Adds mobility to heavy, bulky items in the basement, garage, or patio.

Platform Trucks. Multi-purpose fold down handle platform cart. Easy to use.

Snowmobile Dollies. Supports snowmobiles skids and back for added mobility across hard surface floors.

Tri-Dollies. Moves things easily. Tough polyolefin wheels swivel easily on steel ball bearings.

Wire Planter Dollies. For indoor use. Enables easy movement of pots and heavy items. Polished chrome finish.

HEAVY DUTY FELT

For Wooden legs. These glides tap into wooden legs, will not split the wood and the heavy duty felt base protect hard surfaces and slides easily over floors that can be marred by most other glides.

Self-leveling felt is ideal for angled leg chairs. It's thick foam layer allows for superior surface adherence and grips better than other heavy duty felt pads available.

SLIDER n GRIPPER

Slider n Gripper pads, glides and cups fall into three distinct categories, Slider, Gripper, and dual function - Slider and Gripper. Slider protects floor surfaces and is perfect for small furniture such as chairs. Gripper offers optimum grip and is used when you prefer furniture to resist movement. Dual function pads and risers grip when flat but slide easily without damaging your floor when tilted.

VALUE PACK ASSORTMENTS / DISPLAYS

8 pc Value Pack Combo

ITEM #	DESCRIPTION	U.P.C. (0 39003)	PCS/ PKG	PKG/ CTN
3960	3-1/2" Slide Glide Reusable Pads, 3-1/2" H-D FeltGard Reusable Pads	03690 1	8	4

Reusable Heavy Duty Felt Movers and Low Friction Sliders

FeltGard® heavy duty felt movers protect wood and hard surface flooring, while SLIDE GLIDE Plus® sliders remove the friction between your furniture and carpeting, permitting heavy objects to move safely without damage or excessive effort.

1. Four 3-1/2" FeltGard® mover pads
2. Four 3-1/2" Slide Glide® movers

12 pc 3-in-1 Value Pack

ITEM #	DESCRIPTION	U.P.C. (0 39003)	PCS/ PKG	PKG/ CTN
9855	4" I.D. Slide Glide Cups, 4" Anti-skid Pads, 4" H-D FeltGard Pads	09855 4	12	4

Each card contains twelve pads designed for three distinctly different surfaces or purposes.

1. Four anti-skid SurfaceGrip® pads minimize furniture movement, and reduce vibration and noise.
2. Four larger size self-adhesive FeltGard® pads available to protect hardwood, linoleum, ceramic tile and other hard surfaces.
3. Four Slide Glide® cups are simple to install to move objects smoothly on carpeted floors.

16 pc Easy Movers Pack

ITEM #	DESCRIPTION	U.P.C. (0 39003)	PCS/ PKG	PKG/ CTN
9045	Easy Mover Pack contains H-D FeltGard & Slide Glide movers	09045 9	16	4

SLIDE GLIDE® sliders remove the friction between your furniture and carpeting, and FeltGard® heavy duty felt movers protect wood and hard surface flooring. Both move heavy objects safely, without damage or excessive effort.

- 4 - 5-3/4" x 8" Slider Mover Pads
